2022-2023 Nebraska Lottery by Pickle Card Annual Report

Form 35A

C H A R I T A B L E G A M I N G

Important — Please Read

This booklet contains the annual reporting forms to be completed and filed with the Nebraska Department of Revenue (Department) by any nonprofit organization which held a license to conduct a lottery by the sale of pickle cards during the period July 1, 2022 through June 30, 2023. The Nebraska Pickle Card Lottery Act requires the organization to make a complete, true, and accurate accounting to the Department on an annual basis of its gross proceeds from its lottery by the sale of pickle cards. A copy of the report must also be submitted to the organization's membership. The report must be filed on the reporting forms provided in this report, and must include:

- an accounting of the organization's gross proceeds from its pickle card activity;
- a breakdown of receipts and expenses;
- lawful purpose usages of the pickle card profits; and
- a detailed analysis of all commissions allowed to pickle card operators and commissions or salaries paid to sales agents involved with the organization's lottery by the sale of pickle cards.

All parts of the annual report must be completed and filed with the Department by August 15, 2023. If the organization does not intend to renew its pickle card license, a final report must be filed within 45 days of the expiration date of the license. In addition, a pickle card revenue status report is required to be filed each year by August 15 until all profits from the conduct of a lottery by the sale of pickle cards have been disbursed. Instructions for completing each section of this report are printed on each form. Failure to file a complete, true, and accurate report or not filing the report by the due date are violations of the Nebraska Pickle Card Lottery Act and may jeopardize an organization's eligibility for license renewal and/or result in an administrative fine up to \$1,000.

Helpful hint: Complete page 3 first. The amounts from line 1, page 3 carry to page 1.

Before filing the annual report, please perform these procedures to ensure accuracy.

Pickle Card Inventory: Make sure that the July 1, 2022 beginning inventory is the same as the June 30, 2022 ending inventory. If there is a discrepancy, please attach a written explanation.

1. Reconcile Gross Profit to Bank Deposits

- A. On page 2, add line 7 and line 13, and subtract lines 12, 14, and 15 to determine bank deposits from pickle card sales for the period.
- B. Compare the amount found in step A above with the gross profit on line 5, page 1. If there is a significant difference, the amount should be entered as an adjustment on line 6, page 1 as a deposit overage or shortage. Attach a written explanation of the difference.

2. Reconcile Pickle Card Expenses and Lawful Purpose Disbursements to Bank Disbursements

- A. Add line 18 of page 1 and lines 5, 15, and 16 of page 2 to determine the amount which was used for pickle card expenses, lawful purpose disbursements, and other expenditures.
- B. Compare the amount found in step A above to line 10, page 2. If there is a significant discrepancy, review your records and correct the annual report.

3. Compare Bank Balances

Make sure that the July 1, 2022 beginning bank balance is the same as the June 30, 2022 ending bank balance from the previous annual report. If there is a discrepancy, please attach a written explanation.
