Important — Please Read

This booklet contains the quarterly and annual reporting forms to be completed and filed with the Nebraska Department of Revenue (Department) by any nonprofit organization which holds or held a Class II bingo license in Nebraska. The [Nebraska Bingo Act](#) and the [Nebraska Bingo Regulations](#) require a Class II licensee to make a complete, true, and accurate accounting to the Department on a quarterly and annual basis of its bingo gross receipts. **Copies of the reports must also be submitted to the organization's membership.** The reports must be filed on the reporting forms provided in this report and must include:

- an accounting of the organization's bingo gross receipts;
- the amount awarded in prizes;
- the value of donated prizes;
- lawful purpose usages of any bingo profits; and
- a breakdown of expenses.

All parts of the report must be completed. Quarterly reports must be filed with the Department within 30 days after the end of each calendar quarter (July - September, October - December, January - March), even though bingo may only have been conducted during part of the quarterly reporting period. An annual report for the period July 1 - June 30 must be completed and filed with the Department in lieu of a quarterly report for the period April - June. The annual report must be filed with the Department by August 15. If the organization does not intend to renew its bingo license, a final report must be filed within 45 days from the expiration date of the license. **In addition, a bingo revenue status report is required to be filed each year by August 15 until all profits from the conduct of bingo have been disbursed.** Instructions for completing each section of this report are printed on each form. Failure to file a complete, true, and accurate report or not filing the report by the due date are violations of the Nebraska Bingo Act and may jeopardize an organization's eligibility for license renewal and/or result in an administrative fine up to \$1,000.

If you award coupons redeemable for bingo paper as a bingo or promotional prizes, the fair market value of that paper must be recorded on line 1c, 3b, and/or 8b. The fair market value (selling price) of coupons redeemable for bingo paper awarded as a bingo or promotional prize must be included in the bingo gross receipts and is subject to the bingo tax. (The value of coupons redeemable for bingo paper awarded as bingo prizes is subject to the \$4,000 limit per occasion for bingo prizes.) The value of coupons redeemable for bingo paper awarded as promotional prizes is subject to the \$100 limit per regular occasion and \$250 limit per limited period bingo occasion for promotional prizes. **If you do not award coupons redeemable for bingo paper as prizes, do not complete lines 1c, 3b, and 8b.**

Before filing the annual/quarterly report, please perform these procedures to ensure accuracy.

1. Reconcile Bingo Receipts to Bank Deposits

- A. On page 1, subtract line 2a from line 1d to determine the amount of cash which should have been available for deposit.
- B. On page 2, add line 13 to line 7 and subtract lines 12 and 14 to find bank deposits from bingo sales for the period.
- C. Compare the amounts found in steps A and B above. Attach a written explanation for any significant discrepancies, and enter the amount as an adjustment on line 7, page 1.

2. Reconcile Bingo Expenses and Lawful Purpose Disbursements to Bank Disbursements

- A. Add line 19 of page 1 to lines 5 and 15 of page 2 and subtract lines 2a and 7 of page 1 to determine the amount which was used for bingo expenses, lawful purpose disbursements, and other expenditures.
- B. Compare the amount determined in step A above to line 10 of page 2. If there is a significant discrepancy, review your records and correct the report.

3. Compare Bank Balances

Make sure that the beginning bank balance on line 6 of page 2 is the same as the ending bank balance on line 11 of page 2 of the previous quarterly or annual report.
