## Amended Real Property Tax Credit (non-agland) and Agricultural Land Tax Credit for Tax Year 2023

SEPTEMBER 22, 2023 (LINCOLN, NEB.) - The State of Nebraska is providing property owners tax relief of a portion of real property taxes levied in 2023. The Property Tax Credit Act (Act) provides a real property tax credit based upon the credit allocation valuation of each parcel of real property compared to the credit allocation valuation of all real property in the state. For purposes of the Act, credit allocation valuation means 120% of the taxable value of agricultural and horticultural land and agricultural and horticultural land receiving special valuation. For all other real property, other than agricultural land, credit allocation valuation means 100% of the taxable value. The total amount of credit available for statewide distribution in 2023 is \$364,365,285. This amount includes \$1,365,285 transferred into the Property Tax Credit Cash Fund during 2022 from gaming income pursuant to [Neb. Rev. Stat. §9-1204](#).

The Act requires allocation of the credit monies based on the credit allocation value, therefore, there are two rates of credit. One rate is applicable to all real property other than land classified as agricultural and horticultural land. The second tax credit rate is only applicable to the portion of the real property parcel classified as agricultural and horticultural land and agricultural and horticultural land receiving special valuation. This is referred to as the "agland tax credit."

**Real property (non-agland) tax credit rate is \$111.30 per \$100,000 of valuation.**

**Agland tax credit rate is \$133.55 per \$100,000 of valuation.**

Allocation of the total credit money of \$ 364,365,285 was determined as follows:

	Credit Allocation Value	% of Total	Allocation of Credit
Real Property Non-Agland	213,093,554,223	65.09%	\$237,165,364
Agland at 120%	114,293,321,912	34.91%	\$127,199,921
Total	327,386,876,135	100%	\$ 364,365,285

-MORE-

Real property (non-agland) rate of credit was determined as follows:

- \$237,165,364 divided by real property (non-agland) value 213,093,554,223=.0011130  
or \$111.30 per 100,000 of taxable real property (non-agland) value.

Agland rate of credit was determined as follows:

- \$127,199,921 divided by taxable agland value 95,244,434,927 = .0013355  
or \$ 133.55 per 100,000 of taxable agland value.

The real property tax credit rate is multiplied by the parcel's taxable value (non-agland) and the agland rate tax credit rate is multiplied by the taxable value of land classified as agricultural and horticultural land and agricultural and horticultural land receiving special value.

The real property tax credit is not a reduction in the levy or tax rate. The rates of credit have no impact on the property tax rates set by political subdivisions. The real property tax credit will be shown on tax statements as a credit after the full taxes levied. The property tax credit will be reflected as a reduction in real property tax due on the 2023 tax statements.

The amounts of real property tax credit for 2023 are being certified to the State Treasurer and the counties today. Attached are two documents that show the amount of tax credits certified for each county and the real property value eligible for the property tax credit in each county.

Real property tax credit information can be found at [revenue.nebraska.gov/PAD](https://revenue.nebraska.gov/PAD), see [Property Assessment Directive 23-5](#).

###

**Nebraska Department of Revenue Property Assessment Division**  
**2023 Amended Certification of Real Property Tax Credit, pursuant to Neb. Rev. Stat. § 77-4212 and Directive 23-5**

**NonAgland Real Property Rate of Credit = \$111.30 per \$100,000 Valuation**  
**Agricultural and Horticultural Land Rate of Credit = 133.55 per \$100,000 Valuation**  
**Revised 9/22/2023**
