**STATE OF NEBRASKA**  
**DEPARTMENT OF PROPERTY ASSESSMENT & TAXATION**

**2005 ANNUAL REPORT**

**PREFACE**

This is the **seventh** annual report published for this agency. As of July 1, 1999, the former Property Tax Division of the Department of Revenue became a separate agency called the Department of Property Assessment & Taxation, directed by the Property Tax Administrator. All property tax data prior to 1999 can be found in the Department of Revenue's Annual Report.

The purpose of this annual report is to provide interested citizens with pertinent information about property valuations, tax rates, and taxes levied for local governments. The annual report focuses on summary information for the current tax year and also provides historic data for the state.

The information contained in this annual report should be viewed as a source material. Although every attempt for accuracy is made, this report should not be viewed as a substitute for independent research or legal document in place of an attorney's opinion.

A sincere thank you is extended to all Nebraska assessors for their efforts in reporting data which serves as the basis for much of this annual report.

The Department of Property Assessment & Taxation appreciates any comments that you may have regarding the format, content and usefulness of the information in this report.

# Nebraska Department of Property Assessment & Taxation

## Catherine D. Lang Property Tax Administrator

### MAIN OFFICE:

State of Nebraska  
Department of Property Assessment &  
Taxation  
1033 "O" Street, Suite 600  
Lincoln, NE 68508

Telephone: (402) 471-5984  
Fax: (402) 471-5993  
Website: <http://pat.nol.org>

### REGIONAL OFFICES:

Grand Island  
Tier One Bank Building  
1811 West Second, Suite 435  
Grand Island, NE 68803-5413

North Platte  
300 East Third, Suite 230  
North Platte, NE 69101-4024

Scottsbluff  
Panhandle State Office Complex  
4500 Avenue "I"  
PO Box 1500  
Scottsbluff, NE 69363-1500

### ASSESSMENT OFFICES:

State Assessment Office, Dakota County  
1601 Broadway  
PO Box 9  
Dakota City, NE 68731-0217

State Assessment Office, Dodge County  
435 North Park Ave, Room 202  
Fremont, NE 68025-4967

State Assessment Office, Garfield County  
250 South 8<sup>th</sup> Street  
PO Box 411  
Burwell, NE 68823-0411

State Assessment Office, Greeley County  
28<sup>th</sup> and Kildare  
PO Box 247  
Greeley, NE 68842-0247

State Assessment Office, Harlan County  
702 West Second Street  
PO Box 379  
Alma, NE 68920-0379

State Assessment Office, Hitchcock County  
229 East "D" Street  
PO Box 446  
Trenton, NE 69044-0446

State Assessment Office, Keith County  
511 N Spruce  
PO Box 600  
Ogallala, NE 69153-0600

State Assessment Office, Saunders County  
433 N Chestnut  
Wahoo, NE 68066-1863

State Assessment Office, Sherman County  
630 "O" Street  
PO Box 652  
Loup City, NE 68853-0652

## **PURPOSE**

---

The purpose of the Nebraska Department of Property Assessment and Taxation (Department)<sup>1</sup> is to develop information, in various formats, that assists the administrators, payers and beneficiaries of the property taxes to make informed decisions concerning the quality of the assessment function of the property tax system in Nebraska. Beginning on July 1, 1998, the Department assumed the assessment function in several counties in Nebraska.

The Department, directed by the Property Tax Administrator<sup>2</sup>, is statutorily created and governed by the Nebraska Constitution and statutes. Its functions include, but are not limited to, the following:

- To provide legal, policy and assessment information through regulations, rulings, directives, standards, manuals, and education, to the county assessors and other assessing officers to ensure the uniform execution of the property tax laws<sup>3</sup>.
- To administer the assessment function in counties which have transferred that responsibility to the Property Tax Administrator<sup>4</sup>.
- To provide advice concerning the assessment of real property to ensure the uniform and proportionate valuation of real property<sup>5</sup>.
- To provide information to the property owner concerning the level of value and quality of the assessment of real property in each county<sup>6</sup>.
- To determine the assessable valuation of all taxable property in each school district for purposes of the Tax Equity and Educational Opportunities Support Act<sup>7</sup>.
- To value and distribute the value of property required to be valued by the state, such as railroad companies, public service entities, car companies, and air carriers<sup>8</sup>.
- To administer the assessment administrative program for contracted counties<sup>9</sup>.
- To determine the appraised value for the public sale of educational lands.<sup>10</sup>
- To determine the eligibility for exemption of certain personal property subject to compliance with the Employment and Investment Growth Act and the Nebraska Advantage Act.<sup>11</sup>

## **DIVISIONS of Nebraska Department of Property Assessment & Taxation**

### **Property Tax Administrator**

The Property Tax Administrator is the chief executive officer of the Department of Property Assessment and Taxation (Department). The qualifications and duties of the Property Tax Administrator are established by statute, see Neb. Rev. Stat. §77-701 and §77-702 (Reissue 2003). The Property Tax Administrator is appointed by the Governor, with the approval of a majority of the members of the Legislature, for a six-year term.

### **Administration**

The Administration Division is responsible for management of the support functions of the Department such as budget, accounting, and personnel, and performs general office administration for all divisions. This division includes the Research Director of State and Local Finance, which is a shared position with the Department of Administrative Services – Budget Office. The Research Director works with other state agencies on research and analysis of state and local tax and spending policy, both historical and forecasted, for policy development of state and local finance issues.

### **Policy/Legal**

The Policy/Legal Division is responsible for all legal matters for the Department. The Department currently has two attorneys to serve all legal functions. Additionally, the Department has Associates that provide policy functions such as legislation, regulations, correspondence, coordination of education for assessor's certification, and promulgation of the Nebraska Assessor Reference Manual and Agricultural Land Valuation Manual, information guides/brochures, and other associated duties. This Division is responsible for specific statutory duties, including: valuation of state assessed property (railroad companies, public service entities, car companies and air carriers); distribution of car company and air carrier taxes; creation of the Tax Increment Financing Annual Report; determination of the appraised value for the public sale of educational lands; determination of the eligibility for exemption of certain personal property subject to compliance with the Employment and Investment Growth Act and Nebraska Advantage Act; annual certification of school adjusted valuation used in state aid calculations; administrative reports filed by counties for data collection of valuation and property tax information; preparation of the Department's Annual Report; and to provide specific support functions to users of the computer software program (PTAS/CAMA) that the Department provides to its assessment offices and contracted counties.

## **Information Technology**

The Information Technology Division is responsible for the Department's personal computer environment and providing advice and assistance to all Department staff on the utilization of the programs used by the Department. This division includes the Department's data entry staff which performs support functions to all divisions. Currently, this Division's staff troubleshoots all technology issues and administers the GIS – Geographic Information Systems and associated data bases, e.g. maps with pertinent characteristics that impact valuation, taxation, equalization, etc. This staff is also responsible for the administration of the computer software program for the Property Tax Administrative System/Computer Assisted Mass Appraisal Division (PTAS/CAMA). This program is used by the Department's assessment offices and counties contracted with our office.

## **Measurement**

The Measurement Division is responsible for ascertaining the level of value and quality of assessment of all real property in each county. This Division works directly with county officials and provides advice and guidance on all issues of the assessment process, with particular focus on the assessment of real property. This Division develops the sales file that is used throughout the assessment process, including: determining the adjusted valuation for school districts; information for the Reports and Opinions of the Property Tax Administrator provided to the Tax Equalization and Review Commission; and, valuation information for use by the county assessors. The sales file is a statutorily required database containing sales of real property for use in valuation and measurement. The employees in this Division, Field Liaisons, are located throughout the state, so that they are experienced in the area of their work and are readily available for assistance to the counties that they serve. The Field Liaisons work with the county assessors on analysis of sales information and assessment practices and procedures.

## **Assessment**

The Assessment Division is responsible for performing the assessment function in counties where the function has been assumed by the Department. These functions include management of the assessment office in each county and the appraisal of all real property in each county. Currently, the Department has assumed the assessment function in the following nine counties: Dakota, Dodge, Garfield, Greeley, Harlan, Hitchcock, Keith, Saunders and Sherman. While the process for managing the assessment office is fairly unchanged as a result of the state assumption, the Department's philosophy regarding the appraisal function is different from that of an individual county. The Department is creating an appraisal staff that is to be shared among the counties that are assumed. It is hoped that sharing these resources will allow for a more efficient allocation of resources. While some of the counties are large and active enough to justify their own appraiser or appraisers, some of our counties are small enough to share appraisal staff if they are located close to one another.

## **PROPERTY TAX HISTORY**

---

Since the beginning of Nebraska's statehood, property tax was a major source of state and local operating revenue. This tax was initially adopted by the Territorial Legislature in 1857. The growing need for public services and changes in economic structure caused property taxes to steadily increase. This in turn prompted the necessity for relieving property taxes and providing new sources of revenue.

In November 1966, approval of a constitutional amendment abolished "state" property taxes. Also, the Legislature repealed the head and poll taxes, the tax on intangible property, the tax on household goods, and certain miscellaneous personal property taxes. In order to replace lost revenues, the Legislature adopted two broad-based taxes in the Revenue Act of 1967: the state sales and use tax and the income tax. In addition to replacing lost state revenue, a portion of the sales and income tax monies were designated to finance state aid programs. At that time, \$35 million was designated annually for aid to school districts. An additional \$10 million each year was distributed to cities and counties to replace lost revenues due to the elimination of intangible property, household goods, and personal effects from the property tax base.

In 1969, the Homestead Exemption Act was passed to provide property tax relief to owners of residential property. It provided for an exemption of \$800 of actual value for residences valued at \$4,000 or more. At that time, it involved about \$3.5 million annually. The homestead exemption benefits have been changed over the years and currently provide for an exemption of all or part of real property taxes, for individuals over 65 with limited income, veterans, and individuals with certain disabilities. Additionally, approximately, \$1.5 million was appropriated for public and junior colleges.

Since 1967, "local" units of government have exclusively levied property taxes. In 2005, Nebraska's local governments levied approximately \$2.282 billion in property taxes. In addition, for fiscal year 2005-2006, there is approximately \$1.063 billion in local tax relief (state aid) appropriated for local governments (see statistical Table 3B & 3C).

Over the years, Nebraska's property tax structure has changed as the Legislature attempted to address various economic concerns. Property tax remains primarily a tax on real property, but changes have been made in the classification of property, as well as the level of assessment at which property is taxed. Nebraska's constitution, Article VIII, Section 1, requires uniformity and proportionality both as to the rate and the valuation.

Social and economic trends continue to impact Nebraska citizens' views on all taxes and state aid programs. Meanwhile, the payers and recipients of taxes share in the benefits of public schools, roads, law enforcement, and a number of other public facilities and programs.

## **SUMMARY OF LEGAL/LEGISLATIVE ACTIONS THAT HAVE SHAPED NEBRASKA'S PROPERTY TAX POLICY**

---

### **General Overview:**

The Nebraska Constitution, Article VIII, sets out the general principles upon which the property tax system is built. Specifically, section 1, subsection (1), states, "Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this constitution." The Constitution further defines different principles for real property and personal property and provides for exemptions and preferential valuations.

### **Real Property:**

Nebraska Constitution Article VIII, section 1, subsection (1), directs that the property taxes imposed on real property shall be based upon valuations that are uniform and proportionate. However, for agricultural land, section 1, subsection (4), provides that valuations need not be uniform and proportionate with other classes of real property, but must be uniform and proportionate upon all property within the class of agricultural land. Classification changes are addressed in the following sections for agricultural land and personal property. Over time, changes have also been made in the level of assessment at which property is taxed, as follows:

- a) 1920 and prior years, property was assessed at 20 percent of its actual value;
- b) 1921 to 1952, property was assessed at its actual value;
- c) 1953 to 1955 property was assessed at 50 percent of its actual value;
- d) 1956 and 1957 property was assessed at 50 percent of its base value;
- e) 1958 to 1980 property was assessed at 35 percent of its actual value;
- f) 1981 to 1992 property was assessed at 100 percent of actual value;
- g) 1992 to current property is assessed at 100 percent of actual value, with the exception of agricultural land which is assessed at 80 percent of actual value.

### **Agricultural Land:**

1972: Constitutional amendment, Article VIII, section 1, subsection (5); Legislature is authorized to enact laws providing for the valuation of land actively devoted to agricultural or horticultural uses based on its agricultural or horticultural use without regard for other purposes and uses. Subsequently, the Legislature authorized special valuation.

1984: *Kearney Convention Center v. Board of Equal.*, 216 Neb. 292, 344 N.W.2d 620 (1984). Commercial property owners requested that their valuation be equalized with agricultural land which was assessed at a lower level of value.

1984: Constitutional amendment, Article VIII, section 1, subsection (4); agricultural land is defined as a separate and distinct class and authorized the use of any different approach to value agricultural land.

1986: The Legislature adopted a method to value agricultural land according to a formula based on earning capacity (LB 271 1985). Income streams were averaged by county and the

capitalization rate was fixed in statute. Earning capacity is not similar to the income approach to value as used in professionally accepted appraisal practices.

1987: *Banner County v. State Bd. of Equal.*, 226 Neb. 236, 411 N.W.2d 35 (1987). While the constitution stated that agricultural land was a separate and distinct class of property, the constitution still required that all real and tangible personal property values be uniform and proportionate. Using the earning capacity formula to value agricultural land would have been allowable if the resulting values had been correlated to be proportionate with all other real and tangible personal property.

1989: Legislation was passed to change the assessment of agricultural and horticultural land so that the results could be adjusted to be uniform across county lines (LB 361).

1990: Constitutional amendment; agricultural land defined as a separate class of real property and removed from the uniform and proportionate clause, meaning that it need not be uniform and proportionate with OTHER CLASSES of property. However, the values of agricultural land must be uniform and proportionate within the class of agricultural land.

1991: In response to *Banner County v. State Bd. of Equal.*, the Legislature passed LB 404, which froze agricultural and horticultural values for tax year 1991 at the 1990 value, to give time to respond to the case. The Legislature also passed LB 320, effective for 1992, which changed the assessment of agricultural land so that the capitalization rate used to set value is market derived. The capitalization rate was increased 25 percent so that the resulting values from the income calculation correlate to 80 percent of market value.

1992: The Legislature requires that agricultural land be valued at 80 percent of actual or market value. All other real property is valued at 100 percent of actual or market value.

2000: *Bartlett v. Dawes County Board of Equal.*, 259 Neb 954, 513 N.W.2d 810 (2000). Supreme Court ruled that the Tax Equalization & Review Commission could not adjust by market area to achieve inter-county equalization because market areas were not defined as a class or subclass under the statutes.

2001: In response to the Bartlett case, the Legislature provided for a definition of class or subclass of real property as a group of properties that share characteristics not shared by those outside the class or subclass. The classification may be based on parcel use, parcel type, location, geographic characteristics, zoning, city size, parcel size, and market characteristics that affect market value.

2002: Legislation was passed requiring the Property Tax Administrator to prepare and issue a comprehensive study to determine the level of value of agricultural and horticultural land that is receiving special valuation.

2005: LB 261 passed which eliminated the agricultural and horticultural land valuations boards and the land manual areas beginning January 1, 2006.

## **Personal Property:**

1967: After the November 1966 vote which changed the Constitution, the Legislature repealed the head and poll taxes, exempted household goods, clothing and other personal items, and exempted intangible personal property such as stocks, bonds and certificates of deposit.

1970: Constitutional amendment; voters give approval to the Legislature to classify and exempt personal property.

1972-1974: The Legislature partially exempted from taxation agricultural income-producing machinery and equipment; business inventory; livestock; grain and seed; and poultry, fish and fur-bearing animals. The Legislature provided for a 12.5 percent exemption of actual value for calendar year 1973. The exemption increased by 12.5 percent each year until a total of 62.5 percent was exempt in 1977. Political subdivisions were reimbursed for the tax revenue loss resulting from these exemptions. In 1974, the Nebraska Supreme Court ruled that personal property tax exemptions were constitutional.

1977-1981: The Legislature completely exempted from taxation the classes of personal property that had been partially exempted except business inventory and livestock were fully exempted in calendar year 1978. The Legislature appropriated \$58.6 million as Personal Property Relief to reimburse local governments for the losses resulting from these exemptions. Business inventories became totally exempt for calendar year 1979 and a reimbursement of \$62.2 million was appropriated for fiscal year 1979-1980. Livestock became totally exempt in calendar year 1980 and a reimbursement of \$70 million was appropriated for fiscal year 1980-1981.

1982: The Legislature eliminated the Personal Property Tax Relief and the Government Subdivision Fund. LB 816 provided for the distribution of aid to community colleges, natural resource districts, incorporated municipalities, counties, and for aid to school districts from the School Foundation and Equalization Fund.

1986: Car line companies began requesting that their personal property be equalized with all personal property. Citing protection under the 1976 Federal Railroad Revitalization and Regulatory Reform Act (Federal 4-R Act), the car line companies argued that since much of the personal property in Nebraska was exempted from taxation by the Legislature (inventory, agricultural machinery and equipment, earth-moving equipment, etc.), therefore their personal property was being taxed to a greater degree than other personal property in Nebraska. Based upon the Federal 4-R Act, the Federal District Court ruled that the Nebraska property tax on personal property of car companies violated the Federal 4-R Act. The State was prohibited from collecting property tax on car companies.

1987: Railroads filed suit against Nebraska arguing that the property tax on railroad personal property violated the Federal 4-R Act. The litigation was settled in 1989, resulting in the railroad companies paying tax on 25 percent of their value attributed to personal property for 1987, 1988, and 1989.

1988: LB 1091 created a one-time appropriation to reimburse local governments for any losses attributable to the railroad's Federal 4-R Act litigation that exceeded one percent of expected

property tax dollars. After line item vetoes and partial overrides, the amount appropriated to the fund from the Cash Reserve Fund totaled \$7.7 million.

1988-1990: Following the railroads, other centrally assessed companies such as pipelines, telecommunications, and airlines appealed to the State Board of Equalization requesting equalization of their personal property with the exempt property of car companies and railroads. The companies were denied by the State Board and appealed to the Nebraska Supreme Court based on the Nebraska constitutional requirement of uniform and proportionate values for the levy of property taxes.

1989: The Nebraska Supreme Court ruled in favor of four pipeline companies for the 1988 tax year, and the State Board equalized their personal property value to zero. In July 1991, the Nebraska Supreme Court ruled on the tax year 1989 equalization requests of centrally assessed companies. The court found that equalization was not an appropriate remedy. All previous personal property exemptions were declared unconstitutional, effectively overturning the 1974 decision allowing personal property exemptions. As a result of the court's decision on the 1989 cases the State Board reduced the 1990 certified values of the appealing centrally assessed companies by 18.81 percent.

1991: LB 829 exempted all personal property from property tax for 1991 only and reimbursed local governments for the loss using a series of revenue-raising proposals including a depreciation surcharge, a temporary reduction in the sales tax collection fee, extending the sales tax to manufacturing energy, and a one-year increase in the corporate occupation tax. The total cost was \$120 million.

1992: Constitutional amendment LR 219CA was adopted and removed personal property from the uniform and proportionate clause of the constitution. It authorized personal property to be either taxed on actual value or net book value while allowing reasonable classifications to be exempt, and set apart a classification for the properties of entities that are protected by federal law, such as railroads. The Legislature passed LB 1063 and the "net-book" concept of taxing depreciable tangible personal property was adopted, rather than taxing personal property based on actual value.

1993: The Nebraska Supreme Court ruled on the appeal of the State Board of Equalization and Assessment's action which reduced the 1990 certified values of the appealing centrally assessed companies by 18.81 percent. The court upheld the State Board of Equalization's remedy which was to refund the difference in tax the appellants would have been required to pay if all of the exempt property in question had been placed on the tax rolls and taxed.

1994: The legislature exempted livestock from the personal property tax.

2005: LB 312 Nebraska Advantage Act was passed, providing new economic development incentives and replaced legislation passed nearly 20 years ago (LB 775). Benefits include sales tax exemption of manufacturing machinery and equipment, income tax credits, and exemption of personal property tax for an investment of at least \$10 million and the hiring of at least 100 new employees. Eligible personal property includes certain aircraft, main frame business computers for business information processing, depreciable personal property used for distribution facilities

to store or move products, and depreciable personal property in a single project if the personal property is involved directly in the manufacture or processing of agricultural products.

### **Other Property “Assessment Structure” Changes:**

1996: The property assessment calendar was changed so that statewide equalization is completed first in the process and then property valuation notices are sent to individuals. An individual may then protest his or her property valuation to the county board of equalization (LB 452 1995).

1996: The Tax Equalization and Review Commission replaced the State Board of Equalization and Assessment in the equalization of property valuations. In addition to its constitutional statewide equalization duties, the Commission replaced the district court for the purpose of hearing individual appeals from decisions of the Property Tax Administrator, Department of Motor Vehicles, or the county board of equalization involving the valuation and taxation of property. Commissioners are appointed by the Governor and serve six-year terms (LB 452 1995).

1996: For purposes of the Tax Equalization and Review Commission’s statewide equalization of real property, the Legislature established acceptable ranges for the level of value for each class of property. The acceptable ranges for the level of value are 74 to 80 percent of actual value for agricultural land and 92 to 100 percent for all other real property (LB 452 1995).

1996: The Property Tax Administrator position was created to oversee the Property Tax Division of the Department of Revenue. The powers and duties of the State Tax Commissioner relating to valuation and taxation of property were transferred to the Property Tax Administrator. The Property Tax Administrator is appointed by the Governor and approved by the Legislature to serve a six-year term (LB 452 1995).

1998: Beginning July 1, 1998, a county board may vote by resolution to have the Property Tax Administrator assume the county assessment function. The state would become fiscally responsible for the assessment functions in that county. County assessor and employees of the assessor’s office in those counties become state employees. Currently, 9 out of 93 counties have turned the assessment function over to the state.

1998: LR 45CA placed four separate constitutional amendments on the 1998 general election ballot as follows: (1) strike the requirements that motor vehicle taxes be distributed to local governments in proportion to property taxes levied, (2) provide for the merger or consolidation of cities and counties, (3) limit the property tax exemption for government property to property used for a public purpose, and (4) strike all references to townships in the Constitution. The first three amendments succeeded while the fourth failed.

1999: Beginning July 1, 1999, the former Property Tax Division of the Department of Revenue became a separate agency called the Department of Property Assessment and Taxation, directed by the Property Tax Administrator.

2001: Beginning January 1 2001, property of the state and its governmental subdivisions that is not used or not being developed for a public purpose is taxable, based on Constitutional

Amendment to Article VIII, section 2, subsection (1). Previously, all governmentally owned property, no matter how used, was exempt from property taxation. The original legislation, LB 271, passed in 1999 and implementation was delayed until 2001.

2003: Following the implementation of LB 271, a number of political subdivisions took issue with the taxation of their property and appealed the taxability of certain governmentally owned property. In 2003, both the Nebraska Supreme Court and Nebraska Court of Appeals issued decisions on this issue. See, *City of Alliance v. Box Butte Cty. Bd. of Equal.*, 265 Neb. 262 (2003), *Brown Cty. Ag. Society v. Brown Cty. Bd. of Equal.*, 11 Neb. App. 642 (2003), *City of York v. York Cty. Bd. of Equal.*, 266 Neb. 297 (2003), *City of York v. York Cty. Bd. of Equal.*, 266 Neb. 305 (2003) and *City of York v. York Cty. Bd. of Equal.*, 266 Neb. 311 (2003). Although each case deals with a separate factual situation, it appears that the courts have taken a fairly expansive view of what constitutes a “public purpose” under LB 271. If, for example, the political subdivision is authorized to use its property in a particular way, that use constitutes a public purpose for the purposes of being exempt from property taxes, even if the property is also being used for an ongoing nonpublic use. Further, if a public purpose is advanced by the ownership of the property by the political subdivision, that use will be deemed to predominate, even if there is another, ongoing nonpublic use being made of the property. The courts did not specifically deal with the question of whether the mere generation of proceeds for the political subdivision through the use of its property would be sufficient to maintain the exempt status of the property.

2005: LB 66 passed which provides for a valuation preference rather than a complete exemption for historically significant real property that has been renovated or rehabilitated. The law limits the preference to properties deemed “historically significant” as opposed to any real property over a certain age. There is an application and approval process with the State Historical Preservation Officer (SHPO) for the real property to be deemed historically significant and revolves around the National Register of Historic Places. A “preliminary certificate” must be obtained and is the step that sets the “base value” for the property. When the work on the real property is complete, a certificate of rehabilitation is issued and the property is to be assessed at no more than its base value for eight years. In years 9-11, market value is increased incrementally until at the beginning of year 12, the value for the property is at actual value. The valuation benefit only applies to real property for which a final certificate of rehabilitation has been issued (by the SHPO) after January 1, 2006.

### **Other Property “Tax Policy” Changes:**

1996: LB 1114 imposed levy limits on all local governments to limit the total property tax rate (excluding exceptions) to \$2.24 per \$100 of taxable value beginning in 1998 and \$2.13 when fully implemented in 2001. Exceptions were for bonded debt, grandfathered building fund projects for schools, grandfathered capital lease purchases, and voter-approved overrides. Another crucial change was the concept of allocated levies, wherein counties were responsible for including the levy of small miscellaneous governments within the 45 cent limit of the county.

1996-1997: LB 299 imposed certain budget limits. For all political subdivisions, except schools and SID’s 5 years old or less, the budget limit for restricted funds for fiscal year 1996-1997 was 2 percent plus population growth. For fiscal year 1997-1998 the budget limit was the prior year’s total of restricted funds plus population. For school districts the budget limit for general fund

expenditures, other than special education, for fiscal year 1996-1997 was 2 percent plus the percent increase in the number of students. For fiscal year 1997-1998 the budget limit was the prior year's general fund expenditures, other than special education, plus the increase in students. There were certain statutory exceptions to the limits and provisions to exceed the limit by 1 percent required a 75 percent vote of the governing body.

1996: LB 1177 created a Municipal Equalization Fund and provided for aid to municipalities that are unable to raise the average amount of property tax revenue per capita with the average property tax levy. The bill also allowed counties to levy a sales tax of up to 1.5 percent to support the county share of jointly provided public safety services.

1997: LB 269 – (1) changed the levy limits for Community Colleges from eight cents through 2000-2001 and four cents thereafter to eight cents through 1999-2000 and seven cents thereafter, (2) created a new equalization formula for funding Community Colleges that makes up for any differences between the maximum levy times the valuation for the area and 40 percent of the total spending allowed to the area, (3) provided for levy allocation by municipalities for Community Redevelopment Authorities, city airport authorities and other entities created by cities, and (4) divided municipalities into three different size groupings for purposes of the state's city equalization formula (LB 1177 1996).

1998: LB 695 provided an equalization aid program for counties. The program distributes about \$6 million annually to counties that are unable to generate the average number of dollars per road mile by levying a uniform local effort rate provided for in the bill. The bill also provided that counties receive \$35 per day for state prisoners held in county jails, a program which was originally budgeted to receive \$6 million of funding.

Funding for both of these programs was cut in the 2002 legislative session, as the state faced actual decreases in sales and income tax revenues. The road mile equalization program was completely unfunded in the 2004 to 2006 budgets. Jail cost reimbursement was reduced by half. Both programs are scheduled to be funded again in the 2007-2009 biennial budgets, but no defined appropriations have been adopted.

1998: LB 1120 created an aid program for rural and suburban fire protection districts that cooperate by setting a uniform tax rate to finance these services in the great majority of any one county. The aid amount is \$10 per resident within the agreement. The annual cost is about \$2.5 million.

1999: LB 881 used the Cash Reserve Fund to provide for specific property tax relief programs. For 1999, \$30 million was distributed to Community Colleges based on valuation. The additional distribution to Community Colleges was also repeated in 2000 using General Funds. Finally, in 2001, \$35 million was transferred to the General Fund to help finance the additional school aid needed to fund the reduction in levy limit for schools from \$1.10 per \$100 of taxable value to \$1.00.

1999: LB 881 also provided for \$25 million for the Relief to Property Taxpayers Act. The Act provided direct local property tax relief to all taxable real property in the form of a tax credit and is displayed on the tax statement. The credit, for year 2000, provided \$30.54 in property tax

relief for every \$100,000 in taxable value. In other words, for every \$100,000 in taxable value, the state will pay the local taxing subdivisions \$30.54 that otherwise would have been collected from the taxpayer. Due to state budget constraints, the Legislature did not appropriate any monies to the Relief to Property Taxpayers Act in 2001 and subsequently repealed the Act in 2002.

2005: LB 40 became operative July 1, 2005. This legislation increased the documentary stamp tax from \$1.75 to \$2.25 for each one thousand dollars of value or fraction thereof.

### **State Aid to Education (TEEOSA):**

1990: The Legislature enacted LB 1059, Tax Equity and Educational Opportunities Support Act (TEEOSA). LB 1059 increased the sales tax rate from 4 percent to 5 percent and the income tax rates by 8.5 percent for 1990 and an additional 8.5 percent for 1991 to fund the Act. This landmark school finance legislation dramatically increased state aid distributed to schools in an “equalized” manner. School costs were calculated per student within nine “tiers” or groups of similarly-sized schools and the formula enabled each school district to finance the average cost per student for the tier with a combination of state aid and property taxes at a defined “local effort rate”. The rate varied based on the amount of appropriation available. LB 1059 also “rebated” 20 percent of the income tax paid by residents of the district to the district. Total cost when fully implemented was about \$210 million. The purpose of LB 1059 was to provide additional state aid to schools, reduce the reliance on property taxes to fund public education, and to try to remedy inequities in educational fiscal resources for students. While the formula for distributing state aid has been adjusted several times since 1990, measuring each school district's ability to generate revenue through property taxes remains an important component in the school aid formula.

1994: Beginning in 1994, the **assessable** property valuation (agricultural land at 80 percent of actual value and all other real property at 100 percent of actual value) of each school district has been determined by the Department of Property Taxation and Assessment each year. This provision “levels the playing field” and prevents a school district from receiving an unfair advantage in the school aid formula if their property valuations are at a lower level than other school districts.

1996: The Legislature enacted LB 1050 which revised the school aid formula to (1) limit the amount of income tax rebate to \$82 million, (2) change the distribution of Insurance Premium Tax dollars from per student to being included as part of the equalization aid program, and (3) created an incentive for schools that consolidate.

1997: LB 806 revised the school aid formula by eliminating the tiers created in LB 1059 (1990) and providing for only three cost groupings: sparse, very sparse, and standard. The bill also provided for allocation or calculation of the budget for Class I schools that are part of a Class VI system or are affiliated with another K-12 district, thus integrating the levy of each “system” into the levy limits of LB 1114 (1996). Finally, the bill increased the appropriation for the school aid by \$110 million.

1998: LB 149 changed school finance such that the amount of school aid to be provided by the state is to be the full amount needed to fund all calculated needs for schools, assuming the local effort rate is equal to 10 cents less the levy limit.

2002: LB 898 statutorily reduced the calculated needs of schools by about 1¼ percent for 2002-2003 through 2004-2005 to reduce school aid by about \$22 million.

### **Motor Vehicles:**

1997: The Legislature passed LB 271 which changed the method for taxation of motor vehicles to a uniform, statewide tax and fee system rather than according to value. The fee is a nominal amount, generally between \$5 and \$30 and the proceeds are distributed to cities and counties based on the Highway Trust Fund dollars. The motor vehicle tax is determined from a table that begins with the manufacturers suggested retail price (MSRP) and declines each year thereafter, using a table found in state law. Responsibility for motor vehicle taxation was shifted from the county assessor to the county treasurer.

1998: LR 45CA amended the constitution, eliminating the requirement that motor vehicle taxes be distributed to local governments in proportion to property taxes levied.

1999: LB 142 implemented part of LR 45CA by providing that the proceeds from the motor vehicle tax be distributed 60 percent to the school district where the vehicle is registered, 22 percent to the county and 18 percent to the city except in Douglas County where the city-county shares are reversed.

### **Homestead Exemption:**

1969: Homestead exemption program was created with the intent to exempt from property taxation all or a portion of the value of the residence of individuals meeting certain criteria. The original cost of the program was \$6.4 million and today the cost is approximately \$41 million.

1983: Eliminated a general homestead exemption that exempted the first \$800 of value of a homestead valued at \$4000 or more. The cost savings was \$4.7 million.

1984: LB 809 adopted a general homestead exemption of \$3000 and required property tax statements to reflect that the state was financing the exemptions. This was estimated to cost about \$18 million. However, the program was delayed and then repealed after one year. It was never implemented.

1986: LB 1268 provided for a sliding scale for homestead exemption benefits for elderly and disabled beneficiaries as income increased.

1988: LB 1105 eliminated the sliding scale of benefits for homestead exemptions and provided that those with income below the filing threshold of \$10,400 received the full \$35,000 exemption.

1989: LB 1105 granted an 8½ percent reduction in property valuation or a \$5,400 general homestead exemption for 1989 only, the reductions to be financed by the state. Total cost \$114 million.

1994: LB 802 enacted significant changes to homestead exemption program: redefined household income, increased the amount of exemption, required the filing of an income statement, placed limits on the value of the home for which an exemption application is made, and implemented a sliding scale that allows partial exemption as income increase. Overall, these changes were revenue neutral.

1999: Increased the homestead exemption income eligibility amounts and expanded the definition of disability for purposes of eligibility. The cost of the expansion was \$8.8 million, pursuant to LB 179.

2004: LB 986 passed. For applications filed in 2004 and after, the definition of multiple amputees was changed for certain veterans eligible for exemption.

## **2005 LEGISLATION**

---

### **LB 15. Contained the emergency clause, became effective March 10, 2005.**

**Section 1.** Requires the Department of Motor Vehicles to make a written order after acting upon an objection to a determination of a motor vehicle valuation. The written order shall be mailed to the objector within seven days after the order.

The order may be appealed to the Tax Equalization and Review Commission within thirty days after the written order.

**Section 2.** Requires the county board of equalization to approve or deny a motor vehicle tax exemption within thirty days after the hearing. Requires the county board of equalization to mail or deliver its decision within seven days after the date of the decision.

The decision of the county board of equalization may be appealed to the Tax Equalization and Review Commission within thirty days after the final decision.

**Section 3.** Amends section 77-202.04 to allow an owner applying for an exemption from property taxes to petition the Tax Equalization and Review Commission on or before December 31 of each year to determine the taxable status of real property for that year if there was a failure to give notice to the applicant which prevented the applicant from timely filing a protest or an appeal.

**Section 4.** Amends section 77-1345.01 to allow an applicant for special valuation to petition the Tax Equalization and Review Commission on or before December 31 of each year to determine whether the land will receive the special valuation if a failure to give notice prevented the applicant from timely filing a protest or an appeal.

**Section 5.** Allows any person, with the right to appeal actual value, special value or recapture value, to petition the Tax Equalization and Review Commission on or before December 31 of each year to determine the actual value, special value or recapture value for that year if a failure to give notice prevented the person from timely filing a protest or an appeal.

**Section 6.** Amends section 77-1514 to allow the Property Tax Administrator to extend the date in section 77-5028 for the Tax Equalization and Review Commission to send the order for a county whose abstract filing date has been extended by the Property Tax Administrator.

**Sections 7 through 13.** These sections pertain to the powers, duties and the responsibilities of the Tax Equalization and Review Commission.

### **LB 17. Operative date September 4, 2005.**

**Section 1.** Amends section 77-3508 to allow physicians assistants and advanced practice registered nurses to certify the physical disability of claimants for the homestead exemption.

**LB 18. Operative date September 4, 2005.**

**Section 1.** Amends section 77-1719.03 to allow county treasurers, if they desire, to accept partial payments on delinquent personal property taxes until the taxes, interest and penalties are paid in full.

**LB 40. Contained the emergency clause and became effective on June 3, 2005, with an operative date of July 1, 2005. This legislation increases the documentary stamp tax from \$1.75 to \$2.25 for each one thousand dollars of value or fraction thereof.**

**Sections 1 through 7.** Do not pertain to the Department of Property Assessment and Taxation.

**Section 8.** Amends section 77-1327 to incorporate the increase in tax into the language as to what makes a sale for sales file purposes.

**LB 54. Contained the emergency clause and became effective on March 10, 2005; some sections are retroactive back to July 1, 2004. This legislation clarifies the controversy concerning military general discharges (under honorable conditions).**

**Sections 1 through 15.** Do not pertain to the Department of Property Assessment and Taxation.

**Section 16.** Amends section 77-202.24 to allow a veteran who is disabled or blind, occupies, and owns a mobile home to receive a property tax exemption if discharged from military service with an honorable or general discharge (under honorable conditions).

**Section 17.** Amends section 77-3508 to allow a veteran who received an honorable or general discharge (under honorable conditions) to receive a homestead exemption if they are totally disabled from a non-service connected accident or illness.

Also clarifies disabilities of individuals who are eligible for the homestead exemption.

**Section 18.** Amends section 77-3509 to allow certain veterans with honorable or general military discharges (under honorable conditions) or their unremarried widows or widowers a homestead exemption.

**Section 19.** Amends section 77-3513 to clarify which applicants for the homestead exemption have to apply annually and which do not.

**Section 20.** Amends section 77-3513 to clarify which claimants for the homestead exemption do not have to certify an exemption status change to the assessor.

**Section 21 through 34.** Do not pertain to the Department of Property Assessment and Taxation.

**LB 66. Operative date September 4, 2005.**

**Sections 1 through 3.** These sections pertain to the duties and requirements of the city, village, county, property owner and the State Historic Preservation Officer.

**Section 4.** Requires the assessor to certify on the preliminary certificate of rehabilitation application, the assessed valuation of the historical property last certified to the political subdivisions or the valuation finally determined if appealed, this is also known as the base year.

**Sections 5 and 6.** These sections again pertain to the duties and requirement of the city, village, county, property owner and the State Historic Preservation Officer.

Also provides that the State Historic Preservation Officer shall within seven days after issuing a final certificate of rehabilitation to the owner, transmit a copy of the final certificate of rehabilitation to the assessor.

**Section 7.** Starting January 1, 2006 the taxable value for all real property that has received a final certificate of rehabilitation, shall be no more than the base year valuation for eight years following the issuance of the final certificate of rehabilitation.

After the expiration of the eight-year period, the valuation for assessment purposes shall be as follows:

- For the first year, the base year valuation plus 25 percent of the difference between the base year valuation and the actual value;
- For the second year, the base year valuation plus 50 percent of the difference between the base year valuation and the actual value;
- For the third year, the base year valuation plus 75 percent of the difference between the base year valuation and the actual value; and
- For the fourth year, the current year actual value.

If at any time during this period, the State Historic Preservation Officer determines that the historically significant property no longer meets the qualifications for historical recognition, he or she shall revoke the final certificate of rehabilitation by written notice to the owner and transmit a copy to the county assessor.

Upon receiving the notice of revocation of the certificate of rehabilitation from the State Historic Preservation Officer, the county assessor shall change the assessed valuation to the actual valuation for the next assessment year following the year the certificate of rehabilitation was revoked.

**Section 8.** Provides that the Property Tax Administrator may promulgate rules and regulations regarding the base year valuation.

**Section 9.** Provides that the State Historic Preservation Officer may promulgate rules and regulations regarding historically significant real property.

**Section 10.** Provides for protests of the written decisions of the State Historic Preservation Officer by the owner within thirty days of the mailing of the notice. If a protest is filed the State Historic Preservation Officer shall hear the protest within fourteen days after receipt thereof.

The State Historic Preservation Officer shall mail written notice of the final decision, to the owner and the county assessor within seven days after his or her final decision. The owner or the assessor may appeal the final decision to the district court within thirty days after the mailing of the final decision by the State Historic Preservation Officer. The State Historic Preservation Officer is required to mail the court order from an appeal to the county assessor.

**Section 11.** Amends section 77-201 to include historically significant real property that qualifies for the historic rehabilitation valuation.

**LB 126. Sections 8, 42, 50, and 55 became operative on June 15, 2006; all other sections of this legislation became operative on September 4, 2005. Requires the merger or consolidation of Class I and Class VI school districts into Class II, III or IV school districts by December 1, 2005.**

From the county assessor and the Department's perspective, the school district re-organization and resulting school code changes will be effective for NEXT FISCAL year, July 2006 through June 2007. So, for 2006, we will decrease from approximately 490 base school districts down to approximately 250-260 base school districts, with no affiliated codes or joined high school codes.

However, "Unification" is a law still on the books, which allows K-12 schools to unify under a 7-year inter-local agreement with a common general fund levy. Since the individual base schools participating in the unification system can levy for other school specific functions, we will still track the base code and unified code. In other words, we would still have two school codes in our structure in order to track the base school and unified system, if applicable. There are currently five unified systems in Nebraska as of 2005.

**Sections 1 through 6.** These sections of law provide the dates for the beginning and ending of the school districts reorganization process. These sections also state the duties and responsibilities of the school boards, superintendents and the State Committee for the Reorganization of School Districts.

These sections also provide for the distribution of the assets and liabilities of the Class I and VI districts to the high school districts to which they will be attached. Bond territory will remain the same, which will mean that the high school districts may have several different bond territories and possibly more tax districts.

**Sections 7 through 34.** Amends present statutes in Chapters 32 and 79 to eliminate any reference to Class I and Class VI school districts as to affiliation, boundaries, and other language that is obsolete because of this legislation. Also, contains new language that pertains only to the Department of Education and school districts.

**Section 35.** Amends section 79-479 to remove obsolete language but still contains the language requiring the State Committee for the Reorganization of School Districts to still issue orders for school district boundary changes and to provide the Property Tax Administrator, assessor and the Department of Education a copy of the legal descriptions and a map.

**Sections 36 through 45.** Amends additional statutes in Chapter 79, to eliminate any inappropriate reference to Class I and Class VI school districts as to affiliation, boundaries, and other language that is obsolete and would not be applicable, because of this legislation. Also, contains new language, which pertains only to the Department of Education and school districts.

**Section 46.** Amends section 79-1016 to require the county assessor to recertify to the Property Tax Administrator, on or before December 20, 2005, the taxable value for all Class I school districts that have additional or less territory than what they had under their original affiliated system, before reorganization. The recertification will be on forms prescribed by the Property Tax Administrator. The Property Tax Administrator shall compute and recertify the adjusted valuation to each affected system and the Department of Education on or before February 1, 2006. Other dates for certifying the taxable and adjusted valuations remain the same for those Class I districts that had no changes in territory under their original affiliated system.

**Sections 47 through 53.** Amend other statutes in Chapter 79, to eliminate any reference to Class I and Class VI school districts and other language that is obsolete and would not be applicable, because of this legislation. Also contains new language, which is only applicable to the Department of Education and school districts.

**LB 198. Operative date September 4, 2005.**

**Section 1.** Allows state aid payments to be adjusted because of transfers of property due to annexation or dissolution of a Class I school district or the reorganization involving one or more Class I school districts.

To qualify for the additional aid the school district that is losing value because of the transferred property would apply by August 20 of the year proceeding the first year for which the property will not be subject to the district's general fund levy. The applicant district must also send a copy to the high school district of the affected system.

The Property Tax Administrator will recalculate the adjusted valuation as if the transferred property had not been included in the original calculation of state aid for the applicant school district.

**Section 2.** Whenever a school district or a part thereof is merged into a Class III or IV district because of city annexation the merger shall become effective on July 1 following the date of the change in the city or village boundaries. Since a school district's fiscal year is from July 1 through June 30, then any city or village annexation that results in the transfer of property to a Class III or IV city school district, such transfer will not be recognized for school purposes until the school district's next fiscal year.

**The annexation by a city or village, will be recognized immediately for all other applicable political subdivisions (cities, fire districts, townships etc.) if it took place before levy date.**

**Section 3.** Does not pertain to the Department of Property Assessment and Taxation.

**LB 261. Eliminates the agricultural and horticultural land valuation boards and the land manual areas. Operative date January 1, 2006.**

**LB 263. This legislation has the emergency clause and became effective on March 10, 2005; there are certain provisions that are applicable for the remainder of the 2005 assessment year.**

**Section 1.** This section pertains to the fifty cent tax rate limit for counties and removes the five-year limitation on the additional levy if the levy is for paying principal and interest on bonded indebtedness.

**Sections 2 and 3.** These sections refer to the definition of a parcel. Parcel is a contiguous tract of land, under the same ownership and in the same tax district and section. Parcel also includes an improvement on leased land. In addition, if several lots in the same block are under the same ownership and in the same tax district, they may be included in one parcel.

**Section 4.** This section amends section 77-202.02 to repeal the notice by the county board of equalization to the applicant and assessor. This was repealed because of duplication of notification to the applicant and assessor by the county clerk in section 77-202.04 and the county board of equalization in section 77-202.02. This double notice happened in 2004 under LB 973.

**Section 5.** Amends section 77-202.12 to allow the Property Tax Administrator the option to intervene in appeals to the Tax Equalization and Review Commission that are brought by the state or political subdivision regarding the notice of intent to tax.

**Section 6.** Requires the assessor to use an income approach for all rent-restricted housing projects that receive low income tax credits under section 42 of the Internal Revenue Code. The income approach shall be consistent with the Property Tax Administrator's rules and regulations and shall comply with professionally accepted mass appraisal methods as described in section 77-112. Any tax credits given the owners shall not be considered income for purposes of the calculation but may be considered in determining the capitalization rate when capitalizing the income stream.

By **October 1, 2005** and October 1 of every year thereafter, all owners of rent restricted housing projects are required to file with the county assessor an income and expense statement for the prior year, a description of any land use restrictions and any other information the assessor needs.

**Section 7.** Amends section 77-1303 to remove the definition of a parcel, which is now contained in sections 2 and 3.

**Section 8.** Amends section 77-1311 to clarify the duties of the assessor and repeals the five-year plan of assessment.

**Section 9.** Requires the assessor on or before **June 15, 2005** and on or before every June 15 thereafter, to develop a plan of assessment for the next year and following two years. The plan shall indicate the classes and subclasses of real property that the assessor plans to examine during the years in the report, the actions necessary to achieve the required levels of value and

quality of assessment and finally the resources necessary to carry out the plan. The plan shall be presented to the county board on or before **July 31, 2005** and on or before July 31 of every year thereafter. If necessary, the assessor may amend the plan after the county board approves the budget of the county. The plan and any amendment thereto shall be mailed to the Department of Property Assessment and Taxation on or before **October 31, 2005** and on or before October 31 of every year thereafter.

**Section 10.** Requires the Property Tax Administrator by July 1, 2007, to develop, maintain, and enforce a uniform statewide structure for record identification codes, property record cards and files and other administrative reports for the property assessment process.

**Section 11.** This section provides due process to the owner and applicant for the approval or denial of applications for special valuation. On or before **July 22, 2005** and on or before July 22 of every year thereafter, the assessor shall issue a notice of approval or denial to the owner and applicant if different then the owner.

When the application for special valuation is approved by the assessor, the county board of equalization shall on or before **July 22, 2005** and on or before July 22 of every year thereafter, send a valuation notice showing the special valuation and recapture valuation to the owner and applicant if different then the owner.

When the assessor denies the application for special valuation, a written protest of the denial of the application may be filed within thirty days after the mailing of the notice of denial.

When a denied application for special valuation is reversed on appeal and the application is approved, the county board of equalization shall send the valuation notice showing the special valuation and recapture valuation to the owner and applicant if different then the owner within fourteen days after the date of the final order. Within thirty days after the mailing of the notice, a written protest of the special valuation or recapture valuation may be filed with the county board of equalization.

All provisions of section 77-1502 are applicable to any protest filed pursuant to this section, except the dates for filing a protest, the period for hearing the protest, and the dates for mailing notices.

The county board of equalization must decide any protest filed pursuant to this section within thirty days after the filing of the protest.

The clerk shall mail a copy of any decision made by the county board of equalization on a protest filed pursuant to this section to the owner and applicant if different then the owner within seven days after the board's decision.

Any decision of the county board of equalization may be appealed to the Tax Equalization and Review Commission within thirty days after the date of the decision.

**Section 12.** This section amends section 77-1347 to allow agricultural and horticultural land that is sold to the state or a political subdivision to continue to receive the special valuation as long as the land continues to qualify as agricultural or horticultural land.

**Section 13.** Amends section 77-1504 to pertain only to undervalued and overvalued real property for the current assessment year. Omitted real property was transferred to section 77-1507.

**Section 14.** Amends section 77-1507, but does not change the intent and procedures of the original statute. Even though it may appear that, only the county board of equalization can add reported improvements to the assessment roll from June 1 through July 25, this still pertains to reported improvements that escaped assessment by the assessor from January 1 through March 19. The assessor still has the responsibility to assess the reported improvements pursuant to sections 77-1303 and 77-1311.

**Section 15.** Amends section 77-5027 to spell out the responsibilities of the Property Tax Administrator regarding the preparation of the reports and opinion for the Tax Equalization and Review Commission. Also allows the Property Tax Administrator to make nonbinding recommendations for consideration by the Tax Equalization and Review Commission.

**Section 16.** Amends section 79-1016 by changing the date from June 30 to May 31, that a local school system or county official may file a written request with the Property Tax Administrator for a correction of the adjusted valuation due to tax list corrections. Any request will have to be filed with the Property Tax Administrator on or before **May 31, 2005** and on or before May 31 for each year thereafter.

**LB 283. Operative date September 4, 2005.**

**Section 1.** Amends section 77-1315.01 to allow the assessor to report by August 10 to the county board of equalization any overvalued or undervalued real property, if the county has passed a resolution to extend the deadline for hearing valuation protests under section 77-1502.

**Section 2.** Amends section 77-1502 to allow the county board in any county with a population of more than one hundred thousand inhabitants to extend the deadline for hearing protests from July 25 to August 10. The resolution must be adopted before July 25 and is applicable for the current year only. When adopting the resolution the county waives its right to petition the Tax Equalization and Review Commission for a class or subclass adjustment.

The county clerk of a county that has adopted the resolution to extend the deadline for hearing protests must send notice of the board's decision on or before August 18.

**Section 3.** Amends section 77-1504 allows the county board of equalization in a county that has adopted a resolution to extend the deadline for hearing protests, to consider and correct the current year assessments of any real property that was undervalued or overvalued.

Extends the final date for hearing protests for undervalued or overvalued real property, from September 15 to September 30, if the county has adopted the resolution extending the period for hearing protests pursuant to section 77-1502.

Extends the date of filing appeals to the Tax Equalization and Review Commission on undervalued or overvalued real property, from October 15 to October 30, if the county has adopted the resolution extending the period for hearing protests pursuant to section 77-1502.

**Section 4.** Amends section 77-1504.01 to prevent the county board of equalization in a county that has adopted a resolution extending the dates for hearing protest pursuant to section 77-1502, from petitioning the Tax Equalization and Review Commission for a class or subclass adjustment.

**Section 5.** Amends section 77-1507 to provide that omitted property, which was properly reported to the assessor, can be added to the assessment roll by the county board of equalization through August 10, if the board has adopted a resolution extending the date for hearing protests pursuant to section 77-1502.

**Section 6.** Amends section 77-1510 to allow for the extension of appeals to the Tax Equalization and Review Commission for protests pursuant to section 77-1502 from August 24 through September 10, if the county board adopted a resolution extending the date for hearing protests pursuant to section 77-1502.

**Section 7.** Amends section 77-1613.04 to allow the assessor to correct the assessment roll and the tax list after August 10 in counties that have adopted a resolution extending the deadline for hearing protests pursuant to section 77-1502.

**LB 291. Operative date September 4, 2005.**

**Section 1.** Amends section 77-1340 to require that if a county board wants to adopt a resolution requesting the Property Tax Administrator to assume the assessment function of the county then the resolution must be adopted by October 31, 2006 and by October 31, of every other year thereafter.

Requires the Property Tax Administrator to make a decision when a resolution is adopted by a county board, on whether to recommend assumption and deliver the recommendation to the governor and the legislature by December 15, 2006 and by December 15 of every other year thereafter.

Employees of the assessor's office shall become state employees with the status of newly hired employees except as provided in section 77-1340.02. No county assessor or employee shall incur a loss of income or lose the right to participate in state sponsored benefits.

**LB 299. Contains the emergency clause, became effective on April 8, 2005, and is applicable for the 2005 assessment year.**

**Section 1.** Amends section 77-1502 and prohibits a valuation protest from being heard by a single commissioner or supervisor of the county board of equalization.

**LB 312. Nebraska Advantage Act. Operative date January 1, 2006.**

**Section 1.** Amends section 49-801.01 to include several sections of this act so that the sections are annually updated to reflect changes in the Internal Revenue Code.

**Section 2.** Amends sections 66-1344 of the Ethanol Development Act to exclude beneficiaries under this act from ethanol production incentives.

**Section 3.** Amends section 66-1349 to require any ethanol facility eligible for tax credits or incentives under this act to employ whenever possible workers who are residents of this state.

**Section 4.** Amends section 77-202 to include personal property exempt under Nebraska Advantage Act.

**Section 5.** Amends section 77-1229 to require anybody seeking a personal property exemption under this act to file a copy of the required forms with the county assessor.

**Sections 6 through 46.** Pertain to sales tax refunds, income tax credits and the duties, and responsibilities of the Department of Revenue and the Tax Commissioner under this act.

**Section 47.** Explains the five different tiers for which applicants may qualify for and receive various benefits under this act.

Tier 4, allows the taxpayer to receive a personal property exemption through an investment in qualified property of at least \$10 million and the hiring of at least one hundred new employees.

The following personal property whether owned or leased, will be eligible for the tax exemption:

**Turbine-powered aircraft, including turboprop, turbojet, and turbofan aircraft, except when any such aircraft is used for fundraising for or for the transportation of an elected official;**

**Mainframe business computers used for business information processing which require environmental controls of temperature and power and which are capable of simultaneously supporting more than one transaction and more than one user plus peripheral components which require environmental controls of temperature and power connected to such computers. Computer peripheral components shall be limited to additional memory units, tape drives, disk drives, power supplies, cooling units, and communication controllers;**

**Depreciable personal property used for a distribution facility, including, but not limited to, storage racks, conveyor mechanisms, forklifts, and other property used to store or move products; and**

**Depreciable personal property in a single project if the personal property is involved directly in the manufacture or processing of agricultural products.**

Turbine powered aircraft will be eligible for exemption from the first January 1, following the date of acquisition. All other property from the first January 1 following the end of the year in

which the required levels of employment and investment were exceeded through the ninth December 31 after the first year the property qualified for the exemption.

In order to receive the exemptions, the taxpayer shall annually file a claim for exemption with the Property Tax Administrator on or before May 1. A separate claim for exemption must be filed for each project and each county in which the property has situs. A copy of the claim must also be filed with the county assessor in each county in which the taxpayer is requesting the personal property exemption.

The Property Tax Administrator shall determine the eligibility of the property for the exemption and certify such on or before August 10 to the taxpayer and the affected assessor.

The determination of whether the taxpayer is eligible to obtain the exemption for personal property based upon meeting the required levels of investment and employment is the responsibility of the Tax Commissioner.

**Section 48.** Pertains to tax credits and how they are used.

**Section 49.** Provides that if the taxpayer fails to meet the required levels of investment or employment by the end of the sixth year after application, all personal property tax exempted shall be recaptured.

If the taxpayer has failed to maintain the project at the required levels of employment or investment for the entitlement period any reduction in the personal property tax, any refunds or reduction in other taxes shall be partially recaptured. One seventh of the credits, refunds and personal property tax exemption shall be recaptured. Also for each year, that the taxpayer did not maintain the levels of investment and employment the personal property exemption will be denied for like number of years at the end of the entitlement period. Any personal property tax that becomes eligible for recapture will be considered delinquent and immediately due and payable to the county treasurer.

**Sections 50 through 72.** Again, pertain to the responsibilities and duties of the taxpayer and the Tax Commissioner.

**LB 676. Contains the emergency clause, became effective on March 29, 2005 and is applicable for the 2005 assessment year.**

**Section 1.** Amends 76-2221 to allow any person to be exempt from the Real Estate Appraiser Act that is appointed by a county board of equalization to act as a referee pursuant to section 77-1502.01.

## **ADMINISTRATION OF PROPERTY ASSESSMENTS AND TAXATION**

---

All property in the state of Nebraska is subject to property tax unless an exemption is mandated by the Nebraska Constitution, Article VIII, or is permitted by the Constitution and enabling legislation is adopted by the Legislature. Federal law may supersede the Nebraska Constitution with regard to taxation of property owned by the federal government or its agencies or instrumentalities. All property in the state of Nebraska, which is subject to taxation, shall be valued as of January 1, 12:01 a.m., of each year.

The assessor is responsible for valuing all real and personal property with the exception of railroads, public service entities, and specific personal property of air carrier and rail car line companies, which are assessed by the Property Tax Administrator. The valuation of real property is determined according to mass appraisal techniques, including but not limited to the following: (1) comparing sales of properties with known or recognized values, taking into account location, zoning, and current functional use; (2) income approach; and (3) cost approach. The valuation of personal property is determined using a statutory method of depreciated values similar to the Federal Modified Accelerated Cost Recovery System and 150 percent declining balance depreciation schedules. All real property is assessed at or near 100 percent of actual value, except agricultural land is assessed at or near 80 percent of actual value. Personal property is assessed at 100 percent of the net book taxable value as determined by the statutory method.

Between January 1 and March 19 of each year, the assessor updates and revises the real property assessment roll and files an abstract report with the Property Tax Administrator. Between early April and May 15 the Tax Equalization and Review Commission has the authority to adjust by a percentage the valuation of classes or subclasses of real property in any county in order to achieve equalization of property values. Decisions of the Tax Equalization and Review Commission may be appealed to the Nebraska Court of Appeals.

The assessor revises the real property assessment rolls for any orders issued by the Tax Equalization and Review Commission and notifies property owners of value increases or decreases by June 1. Individual protests of real property valuations may be made to the county board of equalization. The county board of equalization may adjust the protested value of individual properties. Decisions of the county board of equalization may be appealed to the Tax Equalization and Review Commission.

Personal property is self reported by the taxpayer, on or before May 1. If the assessor makes changes to the reported valuation a notice must be sent to the taxpayer. The action may be appealed to the county board of equalization.

On or before August 10, the Tax Equalization and Review Commission equalizes the real property of centrally assessed railroad and public service companies with the statewide level of assessment. The Property Tax Administrator certifies centrally assessed values to the counties.

On or before August 20, the assessor compiles and certifies the total taxable value (real, personal, and centrally assessed) to each local government taxing subdivision for rate setting purposes.

Each year, on or before October 15, the county board of equalization levies the necessary taxes, within the limits of the law, for operation of all functions of county government, school districts, cities, etc. The tax rates for these various local government taxing subdivision are determined by the dividing the subdivision's annual tax request by the current total taxable value within their boundaries. The tax rates are expressed as \$1 per \$100 dollars of taxable value.

Property taxes are determined by multiplying the property's taxable value by the total consolidated tax rate for the tax district in which the property is located. The tax district is comprised of various governing bodies empowered to levy property taxes for services, such as county government, school district, city, etc.

On or before November 22, the assessor transcribes the real property tax list and delivers it to the county treasurer for collection of property taxes. All real and personal property taxes, including taxes of centrally assessed railroad and public service companies, are due December 31. The first half of the tax becomes delinquent on the following May 1 and the second half becomes delinquent on September 1, except in Douglas, Lancaster, and Sarpy counties, where the first half is delinquent on April 1 and second half becomes delinquent on August 1.

### **Homestead Exemption**

The homestead exemption program was created by the 1969 Legislature. The specific requirements have been modified over the years but the main criteria is to provide local property tax relief to qualifying elderly and disabled individuals who own and live in the home for which an exemption application is made. The exemption applies to all or part of the property taxes levied against the home, with the state reimbursing local governments from general fund revenues for those taxes exempted under the program. The laws governing the homestead exemption are found in Nebraska Statutes, Chapter 77, Article 35. For more detailed information, or answers to questions about the Nebraska homestead exemption, please contact the local assessor's office or the Nebraska Department of Revenue.

## STATISTICAL TABLES

---

### Notes regarding statistical tables:

- (1) The data sources for the statistical tables are the Certificate of Taxes Levied Report and the County Abstract of Assessment Report.
- (2) Property taxes levied includes homestead exemption tax loss.
- (3) Property taxes levied excludes taxes levied on redevelopment or enhanced value of community redevelopment projects using tax increment financing (TIF). See report to the Legislature for redevelopment projects, published on March 1 of each year.
- (4) The state total valuations and property taxes levied for the years 1967 through current are listed in Table 1. Tax policy changes that affect the valuation or tax are explained in a previous section of the annual report, e.g. 1997 motor vehicles are no longer taxed based on a value. Also listed in Table 1 are the state total property tax amounts, mill levies, and average statewide property tax rates for applicable years. Payments in lieu of tax made by public power districts and other in lieu of tax payments are not included in total taxes.
- (5) For the years prior to 1981, property was valued as follows:
  - h) for 1920 and prior years, property was assessed at 20 percent of its actual value;
  - i) from 1921 to 1952, property was assessed at its actual value;
  - j) from 1953 to 1955 property was assessed at 50 percent of its actual value;
  - k) in 1956 and 1957 property was assessed at 50 percent of its base value;
  - l) from 1958 to 1980 property was assessed at 35 percent of its actual value;
  - m) from 1981 to current property is assessed at 100 percent of actual (market) value, with the exception of agricultural land which in 1992 was changed to an assessment level of 80 percent of actual value.
- (6) Example; years 1967 to 1980, tax rates were expressed as mills per one-thousand dollars of value.

Property market value	100,000
Assessment level	35%
Assessed value	35,000
Mill levy 55.925	
or 55.925/1000	.055925
Calculated Taxes	\$ 1,957.38

- (7) Example; years 1981 to current, tax rates are expressed as rates per one-hundred dollars of value.

Property market value	100,000
Assessment level	100%
Assessed value	100,000
Tax Rate 1.9574	
or 1.9574/100	.019574
Calculated Taxes	\$ 1,957.40

(8) Example for converting a mill levy to a tax rate:

Mill levy multiplied by assessment level divided by 10.

55.925 (mill levy) multiplied by .35 (assessment level) divided by 10 (converted to \$100 per value)  
equals a tax rate of 1.9574

(9) In Lieu Taxes, Table 21. In Nebraska, every public corporation and political subdivision of the state that is primarily organized to provide electricity or irrigation, and which sells electricity at retail to incorporated cities and villages, makes payments in lieu of property taxes. The payments are equivalent to 5 percent of the gross revenue derived by the power district, plus a fixed amount based on the 1957 levies. Other in lieu of tax payments are also reported for game and parks pursuant to Neb. Rev. Stat. §37-335, housing authorities pursuant to Neb. Rev. Stat. §71-1590, hospitals pursuant to Neb. Rev. Stat. §77-211, and community redevelopment authorities pursuant to Neb. Rev. Stat. §18-2137.

## **Definitions of property type categories reported in the annual report statistical tables:**

**Unimproved** - land without buildings or structures.

**Improved** - land upon which buildings are located.

**Improvements** - buildings or structures.

**Residential/single family** - all real property predominantly used or intended to be used as a dwelling place or abode whether occupied by the owner, tenant or lessee, and where occupancy is for a period of time usually year-round as opposed to a transitory occupancy by single family or two families.

**Commercial** - all real property predominantly used for commerce, trade, or business. For purposes of reporting, multi-family dwellings predominantly used for occupancy by more than two families, are summarized with the commercial property type.

**Industrial** - all real property predominantly used for the process or manufacture of goods or materials.

**Recreational** - all real property predominantly used for diversion, entertainment, and relaxation on an occasional basis. Some of the uses would include fishing, hunting, camping, boating, hiking, picnicking, and the access or view that simply allows relaxation, diversion and entertainment.

**Mineral (interests)** - an ownership interest of any minerals, mines, quarries, mineral springs, overriding royalty interest and production payments with respect to oil and gas leases. Minerals category includes both producing and non-producing interests.

**Home site** - land within a residential, recreational, commercial or industrial parcel, which is used or intended to be used for residential purposes. For purposes of reporting, home site land is summarized with the parcel's predominant property type or use.

**Farm home site land** - one acre or less of land that is contiguous to farm site and upon which is located a residence and necessary improvements needed for residential purposes.

**Farm site land** - the portion of land contiguous to land actively devoted to agricultural which includes improvements that are agricultural or horticultural in nature, including any uninhabitable or unimproved farm home site. Farm site land shall not be classified as agricultural or horticultural land and shall not include any home site land.

**Agricultural land** - agricultural land or horticultural land that is primarily used for the production of agricultural or horticultural products.

**Exempt** - property that receives an exemption from property tax, i.e. governmental or permissive exemptions.

**Centrally assessed** - property valued by the state for property tax purposes. The centrally assessed property information in the statistical tables of this report reflects "operating property" of railroads and public service entities, except for Table 22 which reflects data for car line companies and air carriers.

**Personal Property** - depreciable tangible personal property which is used in a trade or business or used for the production of income and which has a determinable life of longer than one year. Personal property net book value is determined pursuant to Nebraska's statutorily defined adjusted basis multiplied by the appropriate depreciation factor.

## Statistical Tables:

<b>History Tables:</b>

1 From 1967 to 1980 Nebraska used mill levies. The mill levies have been adjusted to compare with average state-wide tax rates.

2 1981 Assessment level changed from 35 percent of actual value to 100 percent of actual value (LB 187 passed 1979).

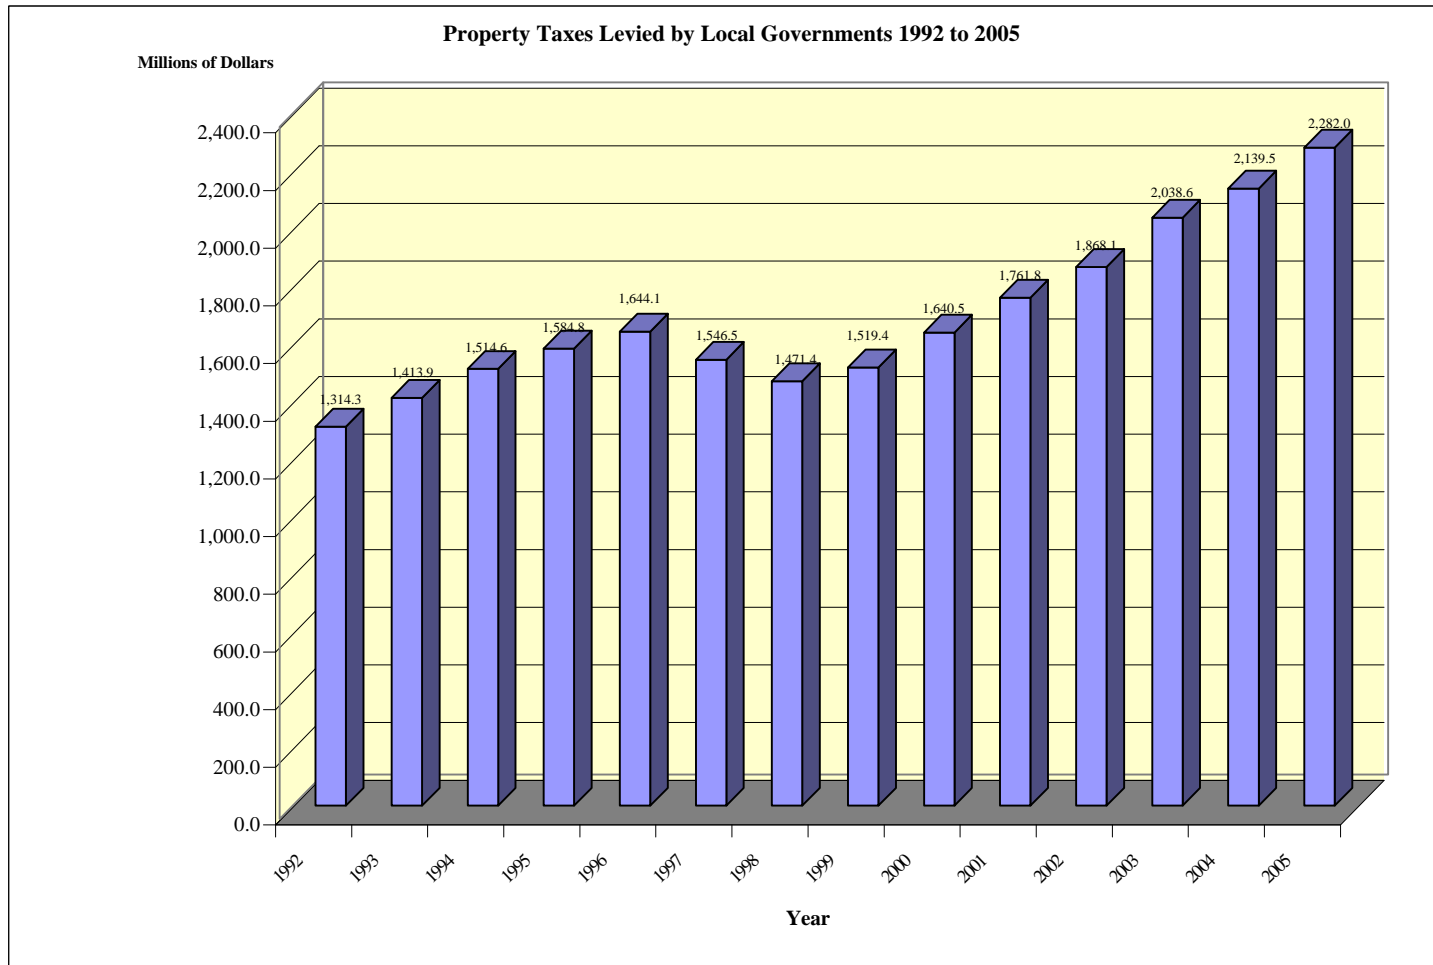

3 1997 value excludes motor vehicle pursuant to 1997 NEB Laws LB 271.

NOTES:

[1] MV taxes isolated due to different tax policy; for years 1992-1996 motor vehicle is part of taxes levied; for years 1997 to current motor vehicle is a tax & fee basis per statute change;

1997 to current year MV Tax & Fee information based upon budgeted amounts per State Auditor's office and information from Dept. of Motor Vehicle DMV

1997 to current year School Portion of MV estimated at 60% of tax w/o fee based upon budgeted amounts for schools per State Auditor's office and information from Dept. of Motor Vehicles DMV

[2] NET local tax relief excludes homestead exemption and property tax credit amounts, as these amounts are included in taxes levied.

[3] Total local education tax relief includes state aid for K-12 schools (TEEOSA) and all other forms of education aid (e.g. special education).

The following Tables 4A and 4B have been reformatted differently than prior years.

The data is now displayed horizontally on facing pages, by Political Subdivision and by Property Type, with the tax years going down the page.

**Table 10 2004 vs 2005 Number of Taxing Subdivisions by Type**

<b>Taxing Subdivision Type:</b>	<b>2004</b>	<b>2005</b>	<i>Notes:</i>
Counties	93	93	
Cities <sup>(1)</sup>	517	520	<i>(1) 8 cities overlap into multiple counties; Emerson, Halsey, Newman Grove, Oxford, Palisade, Tilden, Trumbell, and Wakefield. 6 cities reported on CTL had no property tax levy</i>
Townships <sup>(2)</sup>	427	446	<i>(2) In Antelope, Fillmore, &amp; Washington Counties added township rec. to accommodate tmsp inside city/outside city record keeping</i>
Fire Districts <sup>(3)</sup>	415	415	<i>(3) 415 unique fire districts, 171 overlap into multiple counties, 244 are located within single counties, 646 fire districts by county.</i>
NRD Natural Resource Districts	23	23	
ESU Educational Service Units	18	17	<i>(ESU 14 merged with ESU 13 for 2005)</i>
Community Colleges	6	6	
<b>School Districts:</b>			
Class 1 Elementary Districts	231	206	
K-12 Base School Districts	249	247	
Class VI High School Districts	18	16	
<b>Total Base School Districts</b>	<b>498</b>	<b>469</b>	
K-12 Non-Affiliated Base Schools	129	130	
<i>Non-Affiliated K-12 in Unified Systems</i>	<i>10</i>	<i>10</i>	
K-12 Affiliated Base Schools	120	117	
<i>Affiliated K-12 in Unified Systems</i>	<i>6</i>	<i>4</i>	
Unified School Systems	5	5	
Class VI High School Districts	18	16	
<b>Total School Systems (including unified)</b>	<b>257</b>	<b>254</b>	
School Bonds	154	155	
<b>Miscellaneous Districts:</b>			
Airport Authority County	6	6	
Airport Authority City	31	30	
Agricultural Society	74	74	
Ambulance	2	2	
Fair/County Extension	3	3	
Cemetery <sup>(4)</sup>	79	81	<i>(4) 81 unique cemeteries 13 overlap into multiple counties.</i>
Community Building	2	2	
Drainage District	4	4	
Downtown Improvement District	1	1	
Historical Society	19	19	
Hospital Districts <sup>(5)</sup>	10	11	<i>(5) 11 unique hospital districts 3 overlap into multiple counties.</i>
Library/Bookmobile	6	6	
Metropolitan Utilities District <sup>(6)</sup>	1	1	<i>(6) metropolitan utilities district overlaps into 2 counties.</i>
Parking District	3	3	
Reclamation District <sup>(7)</sup>	2	2	<i>(7) Twin Loup in 5 counties &amp; Loup Basin in 4 counties.</i>
Road District	10	10	
Railroad Transportation Safety District	1	1	
Sanitary Improvement Districts	324	354	
Omaha/Douglas Building	1	1	
Omaha/Douglas Transit Authority	1	1	
Landfill	1	1	
Community Redevelopment Authority	5	5	
Public Building Commission	1	1	
<b>Total Miscellaneous Districts</b>	<b>587</b>	<b>619</b>	
<b>Estimated total number of taxing subdivisions levying a property tax</b>	<b>2,343</b>	<b>2,393</b>

## Table 12 School Systems 2005-2006 Cumulative Totals

### Reference for Class of School Districts:

---

**Class 1 (grades K through 8)** shall include any school district that maintains only elementary grades under the direction of a single school board.

---

**Class 2 (grades K-12)** shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board.

---

**Class 3 (grades K-12)** shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education.

---

**Class 4 (grades K-12)** shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education.

---

**Class 5 (grades K-12)** shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education.

---

**Class 6 (grades 9-12)** shall include any school district in this state that maintains only a high school.

---

**AFFILIATION** of school districts means the on-going association of a Class 1 district or portion thereof not a part of a Class 6 district with one or more existing Class 2-5 districts for the purpose of (1) providing a high school program serving the Class 1 district students and (2) maintaining tax support to finance such program.

---

**JOINED.** Refers to an elementary district joined with a Class 6 (high school only).

---

If the base school is a class 1 elementary district it must be "affiliated with" a class 2-5 school district (grades K-12) or "joined with" a class 6 high school (grades 9-12).

---

**UNIFIED SCHOOL.** A unified school system allows for two or more Class 2 or 3 school districts to combine their resources to provide a K-12 education. The unified system is an interlocal agreement between the participating K-12 districts and may include Class I districts.

---

2005	(4)					

(1) Distribution of taxes occurs in the year following the assessment year.

(2) Car Line taxes are distributed to counties' political subdivisions based upon railroad taxes levied, per Neb. Rev. Stat. §77-684 (R.S.Supp. 2004).

(3) Air Carrier taxes are distributed to county's general fund based upon all taxes levied for the county vs. state, per Neb. Rev. Stat. §77-1250 (Reissue 2003).

(4) 2005 taxes for car line & air carrier are collected and distributed during 2006, therefore information not available at this time.

**ENDNOTES:**

1. Med. indicates the Median. The median is a measure of central tendency. The value of the middle item in an uneven number of items arranged according to size; the arithmetic average of the two central items in an even number of items. The acceptable ratio range for the median indicated level of value (also known as the "Assessment-Sales Ratio") for the Residential and Commercial Classes of real property is between 92% and 100% of actual or fair market value. The acceptable ratio range for the agricultural class of real property which receives "special valuation" pursuant to Neb. Rev. Stat. §77-1344 is between 92% and 100% of "special valuation," and between 92% and 100% of "recapture valuation." The acceptable ratio range for the special value subclass of the agricultural class of real property is therefore 74% to 80% of the uninfluenced agricultural value. The acceptable ratio range for the recapture value subclass of the agricultural class of real property is therefore 74% to 80% of the actual or fair market value. The acceptable ratio range for the Agricultural Class of real property is between 74% and 80%.

2. The Coefficient of Dispersion ("COD") is a tool used under professionally accepted mass appraisal methods to measure the uniformity of assessments. The COD is the average absolute deviation from the median stated as a percentage. The COD is calculated by dividing the average absolute deviation by the median assessment/sales price ratio and multiplying by 100 to convert the ratio to a percentage. The acceptable range for the COD shall be: for residential real property 15.0% or less, for agricultural land 20.0% or less, for commercial and industrial property 20.0% or less, and for vacant land and other property classes 20.0% or less.

3. The Price Related Differential ("PRD") is a tool used under professionally accepted mass appraisal methods to determine whether properties of differing values are treated uniformly. The Price Related Differential may indicate assessment bias and inequity between lower valued properties and higher valued properties. A PRD that is under 1.00 indicates higher valued properties are valued at a higher assessment level than lower valued properties. When the PRD is over 1.00 it indicates lower valued properties are valued at a higher level than higher valued properties. The acceptable range for the Price Related Differential shall be .98 to 1.03.

4. The level of assessment for the special value of the agricultural and horticultural land class of real property subject to special valuation and its subclasses was determined through an income based methodology developed by the Property Tax Administrator.

5. There is only one eligible parcel qualified for and receiving special valuation in Lincoln County.
